Time passes swiftly. It can neither be stopped nor turned back. Past experiences can only be relived in memories. Events experienced by the June, 1960, graduates are just that—they can now only be remembered.

The graduates not only have memories of the past but also dreams of the future. They are challenged with thoughts of success. Using their time wisely and sparingly, most graduates will succeed "as time goes by."

Know the true value of time; never put off till tomorrow what you can do today.

—Chesterfield

The ability to present assignments on time is an important factor in attaining academic success. Students who recognize the importance of promptness can be assured of a prosperous future. Always try to distribute your time so as to accomplish all that should be done that day. Your time is of great value.

JUNE 1960

EAST HIGH

Mr. D. Q. Williams has successfully been the East High School principal for six years.

Since the fall of 1924, Mr. Williams has been on the East High faculty. During these thirty-six years, he has been a physical education teacher, and eleven years later he became vice-principal. Starting in 1954, Mr. Williams has been the principal at East.

Miss Agnes Helmreich, girls adviser, has successfully been at East for forty years. After receiving her master's degree at the University of Chicago, Miss Helmreich taught at several schools.

In 1920 she became a part of East High faculty as a history teacher, and after ten years she became girls' adviser.

In the fall of 1946, Mr. Wendell Webb, boys' adviser, became a part of East High's faculty. For several years, Mr. Webb was the football, basketball, and track coach. And for the last six years, Mr. Webb has successfully been the boys' adviser at East.

Administration

Mr. Webb is highly respected in his position as vice-principal.

Miss Helmreich, girls' adviser, has made many friends during her forty years at East.

Success

Mrs. Hamilton

In our wheel of success at East we have many capable people. The school secretary is Mrs. Crouthamel. Her experience is greatly used. A graduate of 1958 is Mrs. Hamilton, our attendance clerk. Miss Romig, our school registrar, has been at East for twelve years. The librarian is Miss Larson. As school nurse, Mrs. Clark has served East High for many years.

Each person gains knowledge from education according to the amount of time he puts into it. Seniors, as they are graduated, may be regretful or thankful, and sophomores, as they enter, may be hopeful or indifferent, but each knows, in high school as in life, that the time spent on studying is profitable.

Department

In the English department of East High School, an extensive variety of learning is available. Students learn to speak and write correctly, create a background of fine literature, and gain poise and self-confidence. Many projects and activities of this department, such as the school newspaper, the East High Scroll, which has won several national honors, help to give a student responsibility and leadership.

The English department has a staff of fifteen teachers. These teachers are Miss Arnold, Miss Barge, Mr. Christian, Mrs. Henrikson, Mrs. Hutchison, Mr. Jarvis, Miss McEniry, Mr. Oxenreider, Mrs. Simonsen, Miss Snyder, Mr. Stratton, Miss Whitford, Mrs. Wills, and Mr. Wittkop.

Science Department

Mr. Johnson

In our world today great emphasis is being placed on the many different fields of science. East High offers many subjects in the area of science.

Biology, which is divided into zoology and botany, is taught by Mr. Hand, Mr. Johnson, Mr. Ycunt, and Mr. Sloan. Chemistry and physics, which include the study of the materials of the universe and the principles therein, are taught by Mr. Rathert and Mr. Johns.

Mr. Rathert

As the science of chemistry and physics become more important, more students are working in the laboratories.

Mr. Sloan

Mr. Yount

The words of mathematics are important to us all, as is shown in this class.

Mr. Augustine

Math Department

Mrs. Fisher

Mathematics, important to our everyday lives, is taught thoroughly here at East High.

Mrs. Fisher teaches first year algebra, which includes formulas, polynomials, fractions, and graphs. Mr. Storer, Mr. Goodwin, and Mrs. Fisher teach geometry, which includes inequalities, circles, loci, and ratios. Mr. Augustine teaches advanced algebra, including logarithms, progressions, determinates, permutations, and combinations. Mr. Storer also teaches advanced math, which covers solid geometry and analytic geometry. Mr. Goodwin teaches trigonometry, the study of triangles and their functions.

Mr. Goodwin

Here is seen an industrious class learning the laws and principles of mathematics.

Mr. Storer

Miss Brewer

If you would look through the school books of early education you would find that many of the subjects taught now are quite different from those of the past, with the exception of a few, one of which is language.

Language is a very important subject; it not only helps the students in English but permits communication with people of other tongues.

French is taught by Mrs. Hutchison, who teaches the first year, and by Miss Brewer, who teaches the second and third years.

Spanish is another language which is taught at East High. This is taught by Miss Krueger.

Latin is considered a basic language although it is no longer spoken. It is taught by Mrs. Erickson.

In these courses the students learn to speak, read, and write the languages and also learn many words used in the English language.

Mrs. Hutchison

Mrs. Erickson

Miss Krueger

Language Department

Latin is a difficult language to speak but John Berggren's recitation is enjoyed by Mrs. Erickson and her class.

Fluency is emphasized in any spoken language, such as French. Here Miss Brewer and her class are conversing for perfection.

Mr. Savage's History 7 class looks on attentively as he points out spots of geographical interest on the globe.

The battlefields of the Civil War are being pointed out by Mr. Tannatt to his History 6 class.

Through the history courses given at East High, students learn of the past, and its possible relationship to the future.

Mr. Carlson, Mr. Neal, and Mr. Sloan, who teach world history, show, in their classes, the mistakes and advancements made in times past, and how those mistakes have so often been repeated.

Although history is not required in the sophomore year, it is a requirement in the junior and senior years.

As juniors, students become acquainted with the background of the United States and the people who have made it great. Mr. Clemens, Mr. Hand, Mr. Holm, Mr. Savage, and Mr. Tannatt teach this course.

When the students reach their senior year, Mr. Gewerth, Mr. Gregory, Mr. Neal, Mr. Savage, and Mr. Schakel teach them the fundamentals of the government of the United States, its constitution and laws, and democracy.

Commercial Department

Adding machines and the business world go hand in hand. Pat Harmon seems to put it to good use in her business courses.

East High's contributions to the field of business are great. Many well-trained office workers can credit their accomplishments to the techniques they learned at East High.

The courses included in the commercial department are commercial law, bookkeeping, merchandising, salesmanship, typing, and shorthand.

The art of tailoring and styling is being practiced by these students.

Homemaking not only teaches girls to "keep house" but also teaches them to "keep family" by becoming expert cooks.

Home Economics Department

Mrs. Baal

Miss Wetzstein

Mrs. Shaw

Home economics is a wide and varied course. When the study of this course enters the minds of many, they think only of learning how to cook. Students who have participated in home economics classes could explain to them that the study of this course consists not only of cooking but of tailoring, table setting and decoration, family relations, and many of the other details which one must know to manage a home.

Mrs. Baal (who teaches sewing and family relations), Mrs. Shaw (who also teaches sewing), and Miss Wetzstein (who teaches cooking and home management) make up this department.

The knowledge received from books is very important to the students in Mrs. Baal's home economics class.

Physical Education Department

Mr. Baeth

Often, in swimming, half the class swims a stroke across the pool and the rest of the class analyzes their mistakes; then the process is reversed.

Miss Spencer

Some of the better swimmers have the opportunity to learn different swimming techniques taught by Miss Spencer.

Today, more and more people are stressing the need for physical fitness in the youth of America to keep them mentally and physically strong against aggressors. East High is not lagging in its efforts to carry on this nation-wide program. Almost everyone is taking one of the physical education classes offered. Boys' and girls' gym classes are supervised by Mr. Rump and Mrs. Bird, and boys' and girls' swimming headed by Mr. Baeth and Miss Spencer. There are also intramural games, which develop the spirit of sportsmanship and competition.

Mr. Rump

This girls' gym class is playing basketball (one of their many activities). Their activities also include volley ball, dancing, drills, rope jumping, exercises, tennis, and softball, which widen their interests and strengthen their bodies.

Mrs. Bird

Department of Industrial Arts

Mr. Anderson

Industrial Arts offers many varied courses. These boys are working to complete an assignment in the department of mechanical drawing.

Mr. Martin

Mr. Bergman

Mr. Rasmussen

Mr. Tullis

Industrial arts is divided into several departments; these include auto mechanics, general shop, mechanical drawing, wood-working, and driver education, bringing the industrial arts section to a total of five.

Many of the students at East who drive cars find that the auto mechanic classes are eager and efficient to service their cars. The driver education course offers a chance to learn driving safety, and, in the end, to obtain a license.

Frames for decoration in the student center, scenery for the school plays, and other activities requiring construction are supplied by the various industrial arts classes. All of the departments offer valuable instruction for on the job, and for later on in life.

Mr. De Mouth

Mr. Sargent

The East High band practices many hours to present top-notch music.

The a cappella choir spends many hours practicing before a performance. Here, at one of their rehearsals, they are practicing the pronunciation of words in a song.

Counselors

We at East High are privileged to have such a splendid staff of counselors.

Each student is assigned to a counselor. The counselor is visited by the student regularly, even though, in emergencies, the counselor can be contacted at any time.

COUNSELORS: These are the counselors who help plan our school years and our future. **Row 1:** Mrs. Baal, Miss Snyder, Mrs. Fisher, Miss Nelson, Miss Brewer, Mrs. Erickson; **Row 2:** Mr. Jarvis, Mr. Yount, Mr. Gregory, Mr. Wittkop, Mr. Springate, Mr. Gewerth.

Mrs. Fisher and Richard Howland are discussing what subjects he should take next semester—a problem familiar to all of us.

Mr. Yount is showing Sharon Sallade, one of his counselees, her results on the aptitude tests, which all 11A's take.

Art is an area in which the student can use his moods and imagination to create something fine and useful. East High furnishes such classes for interested students. There are many projects which receive the skilled and thoughtful work of the students, such as holiday decorations, posters, scenery for the school play, and illustrations for the Scroll and Quill. Three dedicated teachers, Mr. Hiatt, Miss Lundberg, and Miss Skarshaug, guide and assist the industrious classes.

Carol Carrington, an industrious-looking student, is working on her sculpturing project for art—a little Easter bunny.

Time is slowly coming to an end for the June, 1960, graduates who are beginning their final walks through the sacred halls of East High. Many will be seeing the graduates for the last time, recalling old memories and friendships made which will never be forgotten. Time will soon be over and the future here.

Senior Highlights

April is the month for showers and memories. One of the fondest memories of the graduating seniors will be the junior-senior prom. "April Showers" was the theme upon which the music and decorations were based. The gaily-colored streamers and parasols of pastel colors lent an atmosphere of fascination and gaiety to the event. Betty Hall and Richard Onder were chosen as Queen and King for the evening.

The preparation for one of the unforgettable events of graduation is the measuring for caps and gowns. Diana Lyman and Eddie Fairman are demonstrating to the seniors just how the measuring of the caps will be done.

"World's Fair" was the theme of the senior specialty party on March 25, 1960. The student center served as a melting pot for our students and our visitors from foreign lands.

March 8 dawned bright and clear as the members of the senior class sat down to a memorable breakfast in the school cafeteria. Along with the good food came delightful entertainment, featuring exercises and a riotous fashion show.

At the "chez paris" (student center) on March 19, the senior girls escorted their dates to an evening of dancing and fun. Sporting fantastic corsages, the boys enjoyed changing places with the girls for the evening.

The happier the time - - - the more quickly it passes.

—Pliny the Younger

Time is a treasure for every high school student. Whether preparing for class work, exams or school activities, time can be so much more enjoyable if mixed with a little happiness. Make the most of your time and talents. Strive for knowledge and personal achievement. Let these years be your happiest.

Our East High band, under the direction of Mr. Engebretson, performs many times throughout the year. The members are continually preparing new arrangements for school functions, and the band is a big booster of East High spirit at pep assemblies. Composed of forty-five musicians, our band did a fine job of representing East High in the spring parades.

MR. ENGBRETSON
Director,
Instrumental Music

Another responsibility for Mr. Engebretson is conducting the East High orchestra. The members must be adept, for the orchestra plays a wide selection of arrangements. Our orchestra plays an important part in East High by performing at the all-school play and the senior activities.

Spotlight Parade

This energetic group of young people have practiced many hours to make the Spotlight Parade a success.

The thirteenth annual Spotlight Parade was again a great success. It is sponsored by the East Des Moines Kiwanis Club. All proceeds from the show go to East High School for payment on the stadium. An appropriate theme was followed throughout the program—"Election Year." Talented acts consisted of singing, dancing, and various skits. Miss Snook was again director.

This smiling group takes a bow after putting on a superb performance.

Miss Sylpha Snook has again done an outstanding job in directing the Spotlight Parade.

Running on the independent ticket against the "Beetniks" and the "Spudniks" for president was Diana Lyman, who won by a landslide. She will go down in history as being the first woman president!

*The good old times - - - all times when old are
good - - - are gone.*

—Byron

The June, 1960, graduates have participated, in one way or another, in many thrilling athletic events during their time spent at East High. Thoughts about these in the future will bring back some of the most thrilling events ever experienced. These times are but memories to them now—some sad, but many more happy.

Wrestling

Wrestling is a skill which is acquired only through hard work and practice. The purpose of wrestling is to put one's opponent in such a position that he is facing upward lying with his shoulders touching the mat; this is a pin. It is not only a test of strength, but a test of ability. Using one's head in a way to tire one's opponent and the final climax is a pin.

The East High cheerleaders have been kept continuously busy this past semester. During the basketball season they sold tickets for the out-of-town buses along with being present at every game to cheer the team to victory. They were also responsible for the cheering at the baseball games and they will begin practicing cheers for the football season in August.

Time is money.

—Bulwer-Lytton

Time is the threshold of the future. Students should try to realize the value of it. After graduation, every second will count as to how the future will be spent—happy and prosperous or sad and poverty-stricken. The way one spends his time is indeed the way one earns his money.

Capital City

is a
Good Place To Work
and a
Good Place To Bank

EVER since its foundation, East High School has furnished the fine educational background that has contributed so much in the development of future business and civic leaders for our community. Typical of these good citizens are the ten former East High graduates who work at Capital City Bank.

Yes, East High is well represented at Capital City Bank . . . from the Bank Messenger to the Chairman of the Board. They join with us in congratulating the Class of 1960 and wishing you every success.

On our long list of customers, former East High graduates are also many in number. We invite you graduates from the Class of 1960 to begin your adulthood by banking at Capital City. You'll find in years to come that a good banking relationship is a prized possession.

Again, we congratulate you and hope you'll stop in soon . . .

WHY DON'T YOU

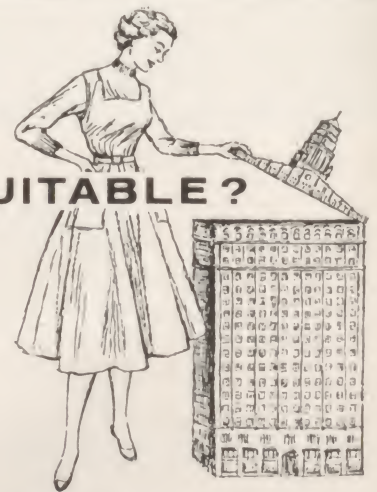

LOOK INTO THE EQUITABLE?

When you're starting out in business you want to affiliate yourself with a good sound company and one that has the interest of its employees at heart. Here at the Equitable Life of Iowa you work in pleasant surroundings among congenial people — all friendly and helpful. Then too, there are so many things

done to build up the right mental attitude and to keep morale high. Twice a day for instance, a coffee cart visits each floor of the building with hot and cold beverages and pastries. There are regular paid vacations, salary increases and all kinds of opportunities for advancement in your position with the company. Also there is a complete medical service room with an attendant

nurse for little ills and discomforts and a generous sick leave plan, too. Why don't you look into the Equitable — ask for Miss Bush at the Personnel Office, 1317 Equitable Building, and discuss the opportunities that exist for you.

Make the World Your Bookshelf

You may not realize it, but with your certificate of graduation you have been awarded an unlimited scholarship. At your finger tips—bound in the experience of centuries and in the wisdom of ages—lies a world of knowledge, its richness and its value subject only to your determination to draw on it.

So, along with our congratulations, goes the urge that you take advantage of this unlimited scholarship by making the world about you your lore-laden bookshelf.

"If you refuse to be mine," cried the ardent lover, "I'll hurl myself off that two-hundred-foot cliff."

"Aw," said the girl, "that's a lot of bluff."

Father: "My boy, I never kissed a girl until I met your mother. Will you be able to say the same thing to your son?"

Son: "Yes, but not with such a straight face."
